TC4N Copier / Printer Controller

TC4N Copier / Printer Magnetic Card Controller

Product Overview

- **Copy Vending with Card Value**

The [TC4N Copier Controller](#) is a proprietary magnetic [card reader](#)/encoder that vends [copies](#) against [value](#) (or an [account](#) number) stored on reusable or throwaway magnetic stripe [cards](#).

- **Cards Can Easily Be Revalued**

A special Administrator card is used to initially value all cards, revalue reusable cards, and to set control parameters and [prices](#).

- **Four Copy Type Prices Supported**

Depending on copier make and model, and [copier control mode](#) selected, individual prices for up to four different [image types](#) are supported.

- **Works With HP FIH Enabled Multifunctionals**

The [TC4N](#) is ideal for use with HP MFPs that have the [FIH](#) connector.

- **Vends Copies and Prints on Canon Color MFPs**

The [TC4N](#) will vend copies and prints on certain Canon color MFPs , without need of any special software, or a [print release station](#). Please [contact](#) us for a product list and operational details.

>>Canon Copy and Print Vend / No Software<<

- **Supports Konica-Minolta Vendor Mode 2**

The [TC4N](#) seamlessly integrates with Konica-Minolta's serial copier interface, and its vendor mode 2 [protocol](#), allowing for vending of color copies on color Bizhubs.

- **Card Value Can Be Automatically Revalued by Account Number**

The [TC4N](#) can be set up to automatically revalue a range of account cards, on a set date, either by writing a new value, or adding to the card's existing value.

- **Usage and Account Statistics Easily Viewed**

Usage and account statistics can be read out on the [TC4N's](#) LCD display, or printed

out on a [P200N](#) or similar portable printer.

- **Small Footprint**

The **TC4N** has a small footprint, measuring only 4" x 3.5" x 7", and weighs a mere 2 lb. An optional stand can be ordered, if desired.

Buying the TC4N Card Reader

To purchase the **TC4N** Card Reader, make your selection below (by copier type, if you know it), and press the **Add to Cart** button. The **TC4N** Card Reader is sold as a stand-alone unit, for copy vending only, or in the case of many color Canon MFPs, for copy and print vending.

The **TC4N** power supply and copier specific harness are included in the price shown. In some cases, an internal kit must be purchased separately from the copier manufacturer. Shipping and handling are added to your order total later.

If you have any questions whatsoever, please give us a call by pressing the **Call Me** button at the top of this page, or sending us an [email](#).

TC4N, Generic - \$829.00

Warranty

The TC4N is warrantied against manufacturing defects for a period of one year from date of shipment, to be determined by the serial number displayed on its screen at bootup.

Advanced Technologies (Tekvend) agrees to repair or replace at its discretion any TC4N within the warranty period. Advanced Technologies (Tekvend) agrees to pay ground return shipping and insurance on any warranty repair or replacement.

Advanced Technologies (Tekvend) cannot be responsible for any damage that occurs to product returned to it due to inadequate return shipment procedures. The shipper is responsible for ensuring that return shipment packaging is adequate and that the return shipment is adequately insured.

Advanced Technologies (Tekvend) does not warranty its product for damage caused by abusive use, vandalism, improper installation, and improper field repair. The installer is expected to use the original copier specific harness (sprig) supplied by Advanced Technologies (Tekvend), and install the TC4N on the originally specified copier, unless otherwise authorized.
